Bucks County Fire Dispatch Box Alarm System

Local Box	Normally includes unoccupied and very low risk type call such as trash, brush, wires, vehicle, washdown, dumpster, fires reported out, alarm systems, etc.. Responses will vary according to the severity ff the incident.
Chiefs Investigation	Will be at the written request of the chief of the department. Calls will be dispatched according to special assignment. If no officers respond within four minutes, a local box will be dispatched.
Tactical Box	Normally includes low hazard occupancies such as one and two family dwellings, scattered small businesses, light industrial occupancies, chimneys, appliances, hazardous material incidents and plane crashes, etc.
Low Hazard Occupancies Tactical Box	At least 2 pumpers, one ladder truck, 1 chief officer and other specialized apparatus as may be needed or available
Rural Operations Tactical Box	At least 2 pumpers with a large water tank (500 gal. or more), one tanker (1,000 gal. or more) and such other specialized apparatus as may be necessary to perform effective initial fire fighting operations.
Box	Normally includes medium to high hazard occupancies such as schools, hospitals, nursing homes, high rise buildings, industrial occupancies, apartments, offices, mercantile and other high life hazard or large fire potential occupancies.
High Hazard Occupancies Box	At least 4 pumpers, 2 ladder trucks, 2 chief officers, and other specialized apparatus as may be needed to cope with the combustible involved.
Medium Hazard Occupancies Box	At least 3 pumpers, 1 ladder truck, 1 chief officer and other specialized apparatus as may be needed or available.
Rescue Box	Includes rescue situations from domestic and industrial accidents, auto extrication, building collapse, etc. Responses will vary according to the severity of the incident.
Marine Box	Any call requiring a person to be rescued from water, or boat in distress. Responses will vary according to the severity of the incident.
Special Assignments	Any special response that would alter from normal dispatch terminology as previously stated such as assist police, squad, fire marshal, etc.. Responses will vary according to the severity of the incident.
